

AI-Powered Salesforce solutions

Transforming customer journeys with personalized multichannel communication

10.04.2024

Who is who?

Natalia Rex
Marketing Automation
Senior Consultant
Enxoo

Piotr Gašik
Marketing Automation
Solution Engineer
Enxoo

Natalia, a nearly decade-long veteran in CRM administration and Marketing Automation, is a Marketing Cloud Certified expert adept at integrating tools to meet business objectives.

With a proven history of automating processes for e-commerce, B2B, and SaaS firms, she prioritizes CRM data quality to enhance ROI and customer retention, while keeping pace with industry trends.

Piotr, a seasoned Salesforce Marketing Cloud Consultant, has six years of expertise in Marketing Automation, spanning B2B and B2C sectors. Proficient in both technical and strategic realms, he crafts ROI-driven Marketing Automation systems fostering customer retention.

Passionate about ongoing learning, he stays abreast of industry trends and best practices.

Why Einstein? The inspiration behind Salesforce's naming history

Einstein Inspires Salesforce's Innovation

- Einstein symbolizes **intelligence and innovation**, aligning perfectly with Salesforce's vision.
- Einstein's name not just a brand, but a **symbol of intelligence** driving Salesforce's products innovation.

Einstein features in Salesforce Marketing Cloud

Harnessing AI for Personalized Marketing Success

Einstein Send Time Optimization

Einstein Attribution

Einstein Copy Insights

Einstein Content Selection

Einstein Email Content Recommendations

Einstein Engagement Frequency

Einstein Segmentation

Einstein Engagement Scoring

Einstein Web Recommendation

Einstein Split Testing

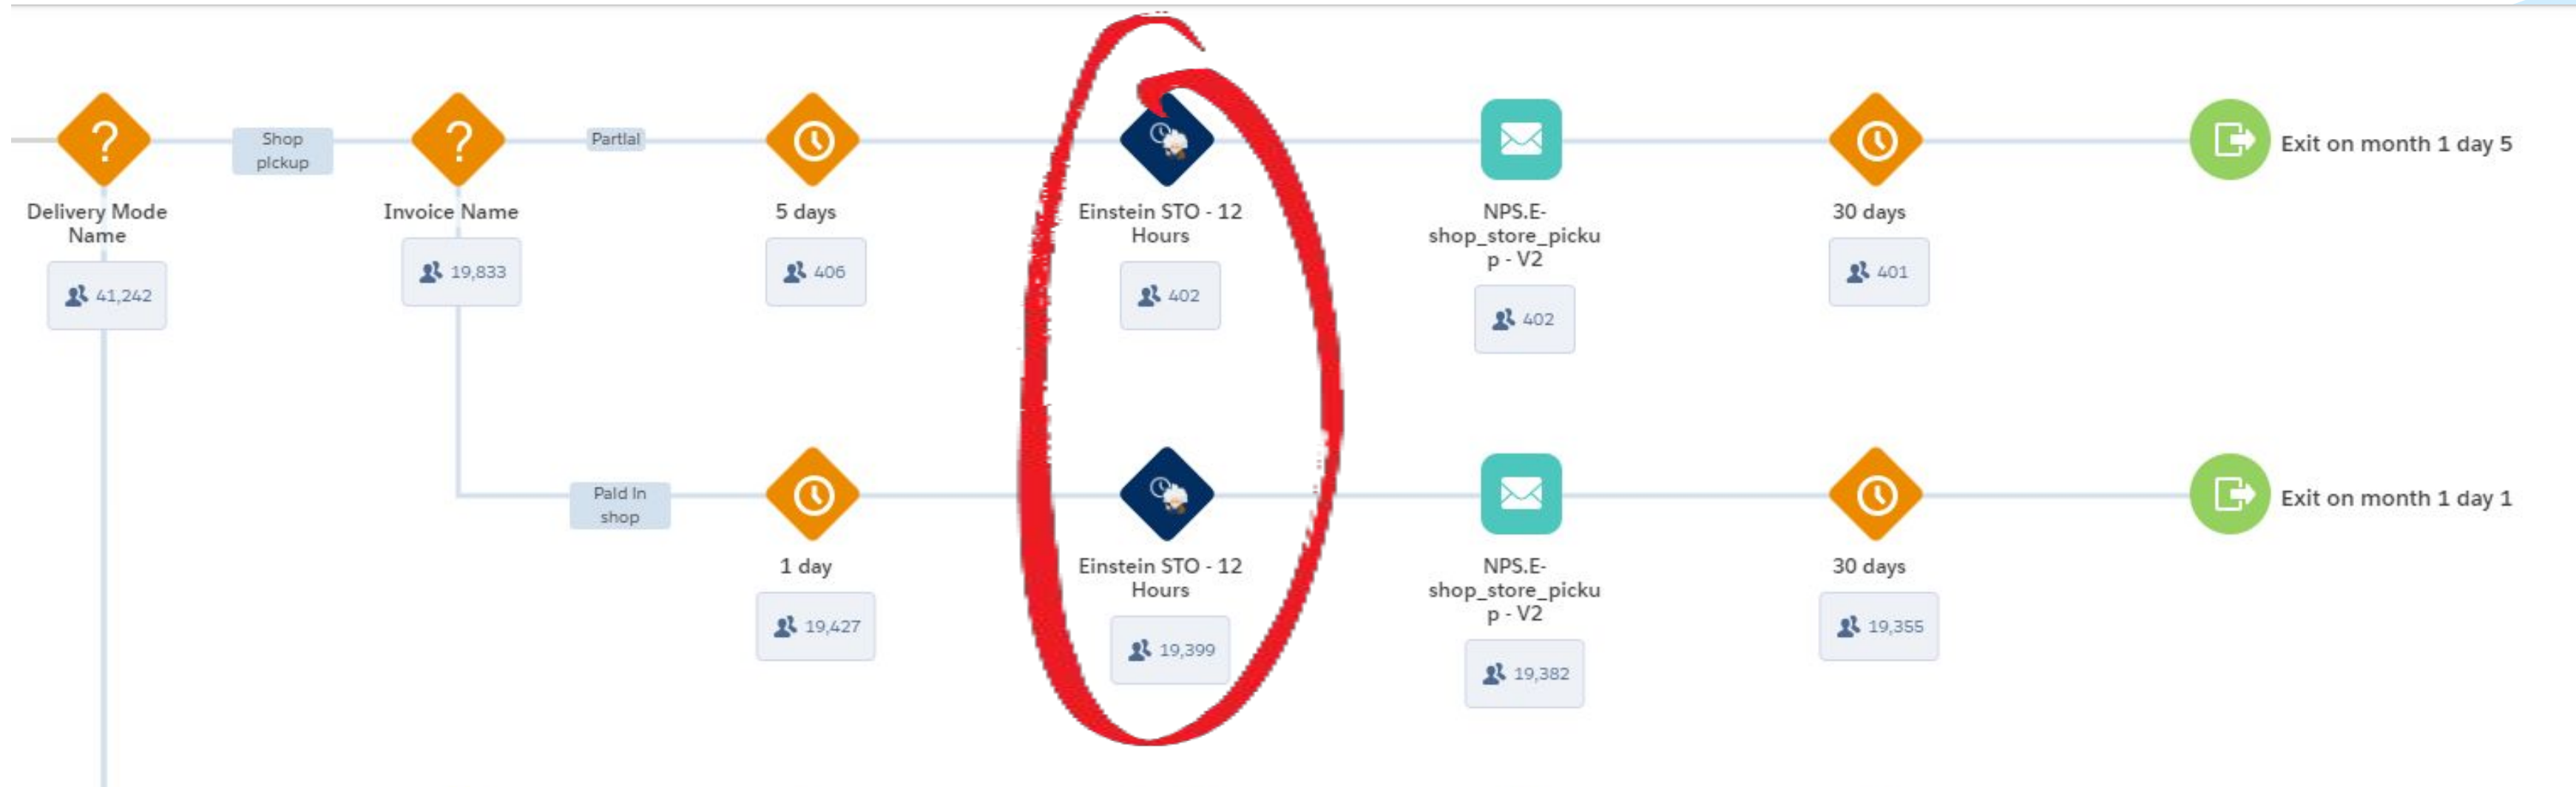

Einstein Send Time Optimization (STO)

Optimize the timing of email sends for maximum engagement.

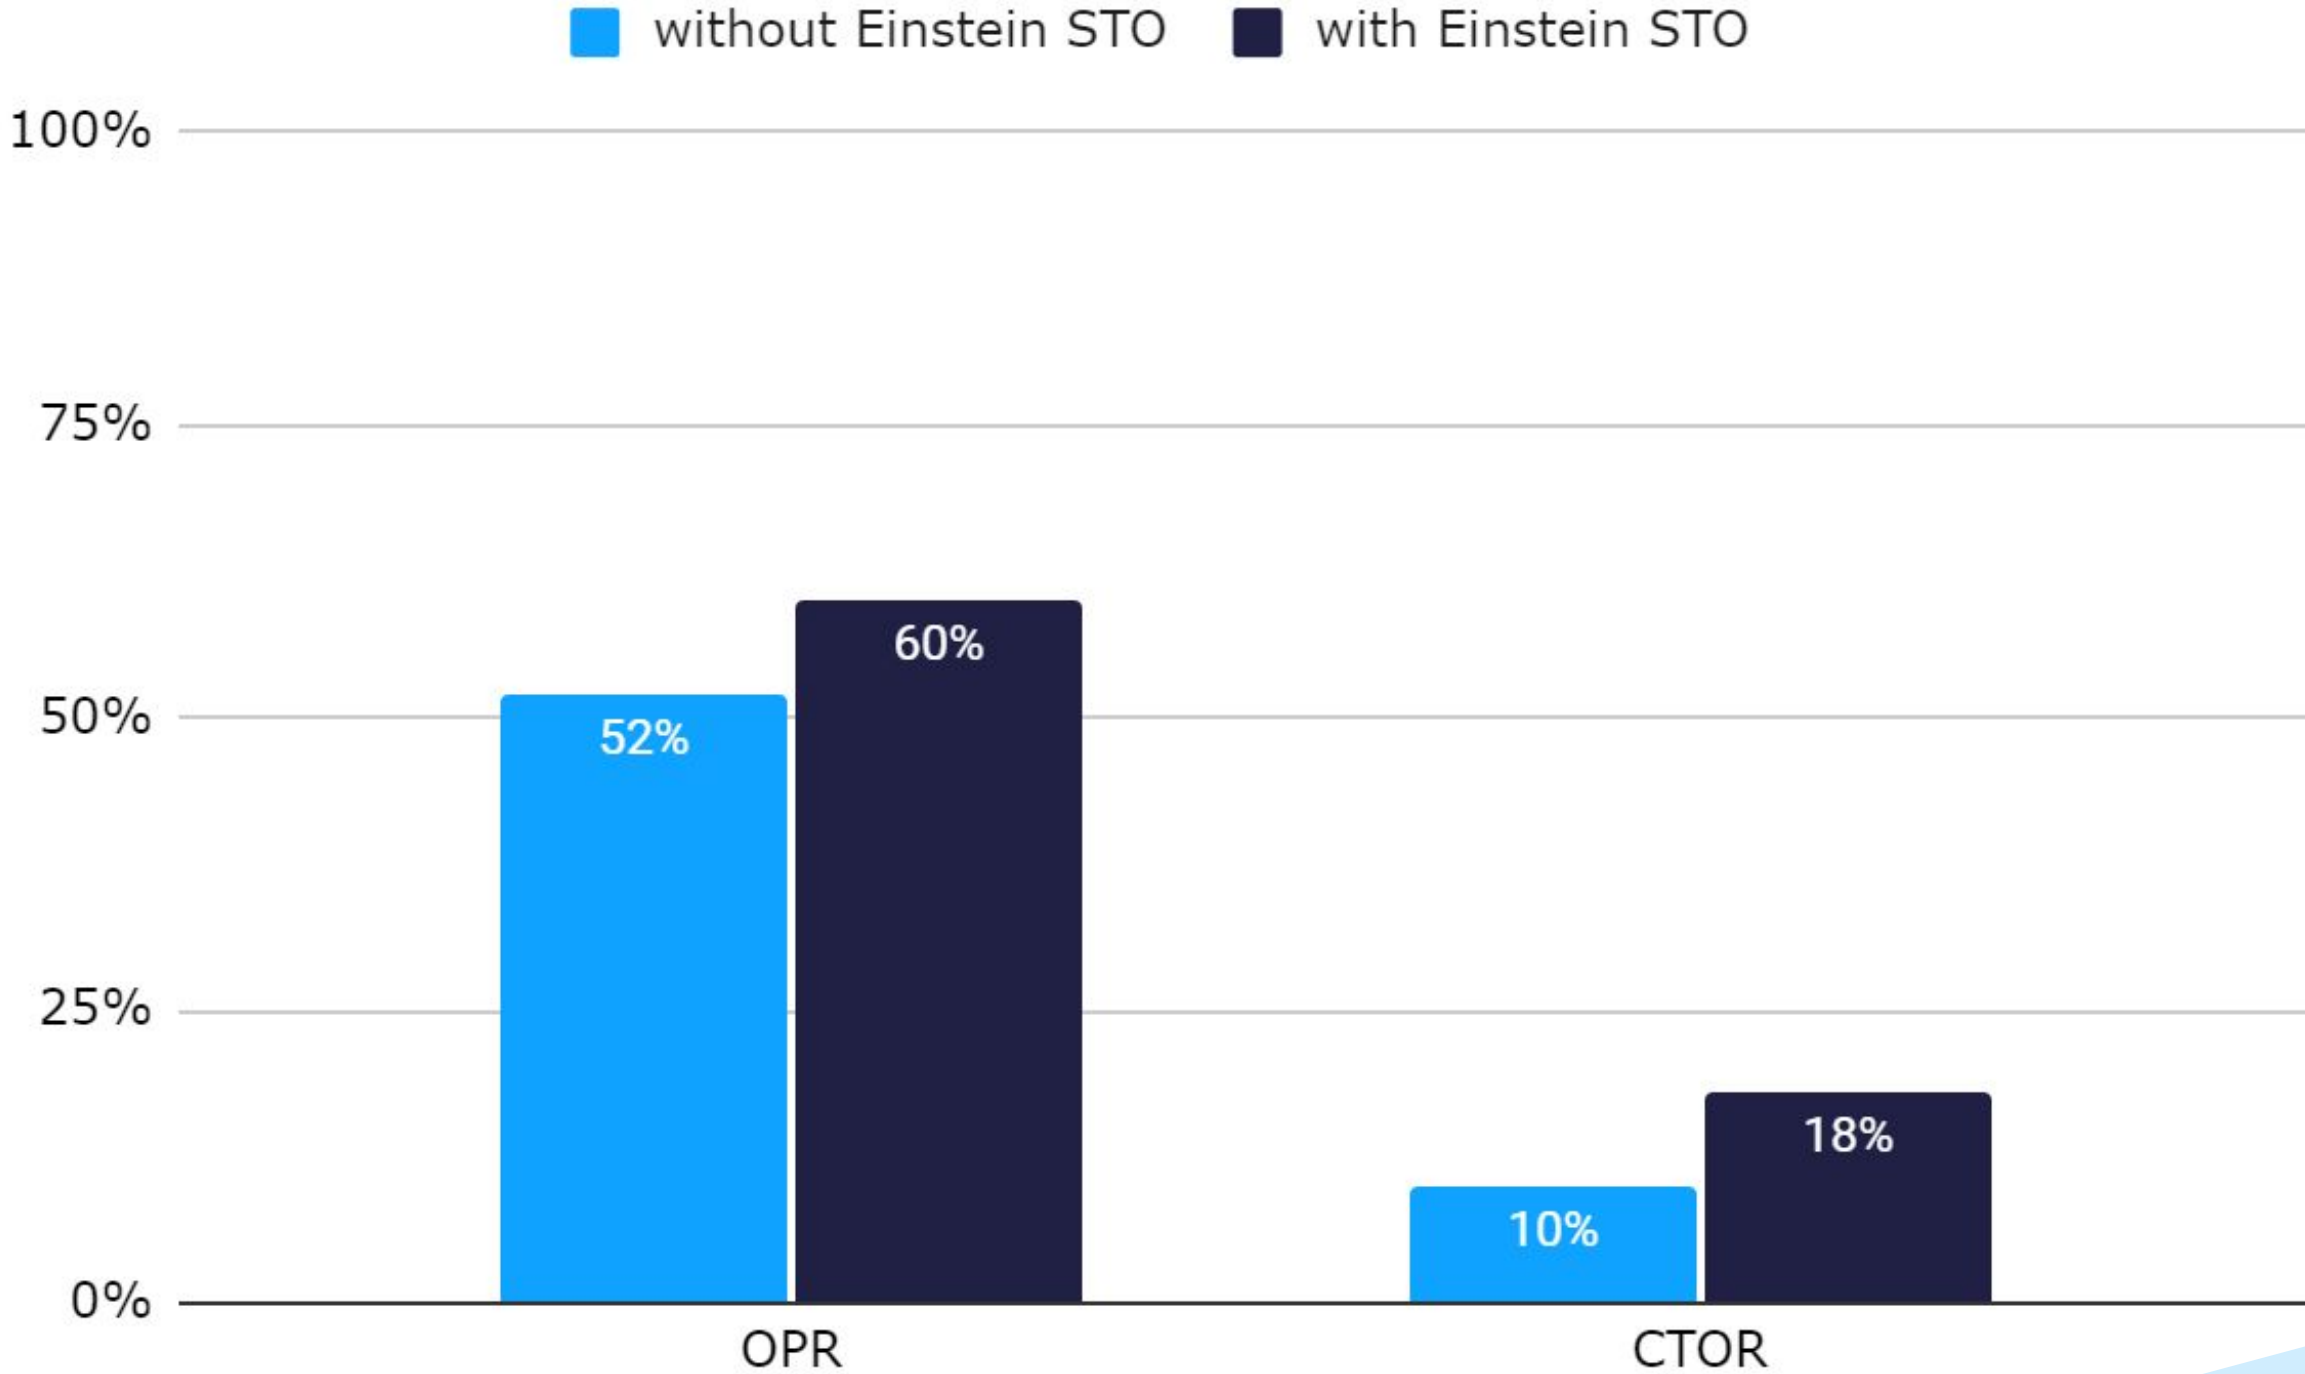

- **Advanced Algorithms:**
Uses sophisticated algorithms to analyze recipient behavior and past engagement data.
- **Personalized Timing:**
It offers tailored timing recommendations for each recipient to enhance email engagement.
- **Automated Scheduling:**
The system automatically schedules email sends based on personalized recommendations.

Easy implementation in existing campaigns

Effects before and after Einstein implementation

How did Einstein STO effect certain campaigns?

Increasing customer satisfaction:

an automotive company success story

The need for omnichannel and cross-channel

“Companies with effective cross-channel engagement retain over **twice** as many customers compared to those lacking such strategies.”

Source: [Forbes Raport](#)

“Strong omnichannel strategies retain **89%** of customers, while weak ones retain only **33%**.”

What will you learn today?

How you can enhance transactional communication with marketing information?

How to use cross-channel and omnichannel approaches to improve customer experience?

We support few of the most successful and known automotive brands in the world. We handle their Marketing Cloud since 2019, being a part of their Marketing Automation team where our cooperation is constantly growing.

Managing Director in Automotive company

Automotive Client needs

- Create a VIP experience for customers who purchased a car
- Keep the brand closer to customer's daily life
- Implement at scale

Challenges

- Long term communication
- Many variations
- Close to customer

Omnichannel communication tools in Marketing Cloud
